SERVICE MENU

Behavior Consultation \$500

Our behavior consultation is always such an eye-opening experience for dog owners and trainers. You're guaranteed to hear and learn things you have never heard before. This is a full, information-packed, one-on-one consultation (with some demonstrations) with you, your dog and the behaviorist. You will walk away with an incredible amount of insight and information regarding your dogs behavior. Each behavior consultation is geared toward you and your dog's specific needs. You will take this information and start affecting results the very next day. Includes 3 - 3-1/2 hour consult, plan and paperwork.

Formal Dog Assessments \$450

This professional, hands-on behavior assessment and evaluation is a 1.5-hour session with your dog and a 1.5-hour consultation with you to discuss results and provide a demo if needed. After learning what is driving your dog's behavior, we provide proper guidance, education, and discuss options moving forward. Perfect for dogs with whom other methods have failed; rescue groups or shelters needing behavior evaluations; court cases; landlords; or those looking to start training again but are unsure where to begin.

One on One Sessions \$200

90 minute hands-on coaching session out on the trails, in a real world setting with you, your dog, our Behaviorist and an assistant. Geared toward honing your handling skill set.

In-Home Behavior Consultation Starting at \$650

Approximately 3 hour Behavior Consultation in the comfort of your own home where we can identify and discuss specific areas in your environment in relation to behavior. Case by case, please inquire. Travel fee may apply if out of town.

In-Home Training Session \$350

90-minute working session at owners home (for current customers).

Daycamp - \$50 *IT Grads & Rehome Only*

Includes 30 minute training sessions that focus on improving recall, loose leash walking, foundation training, confidence building, and positive, structured socialization with other dogs. Daycamp will also address basic behavior challenges such as minor reactivity, jumping, inappropriate manners, and more.

Intensive Training - \$150

Our Intensive Training sessions are reserved for canines working to overcome more serious behavior challenges. These two 45-minute sessions are more intense and target specific behaviors such as insecurity, fear, reactivity, resource guarding and more.
